Serving Up *The Baker's Wife*

The Baker's Wife, a musical comedy, opens at the Marion Art Center on Friday, July 12 at 8:00 pm. The show is written by Joseph Stein and Stephen Schwartz, the same people who created *Fiddler on the Roof*, *Godspell*, *Pipin*, and wrote scores for several Disney movies.

The story, based on *La Femme de Boulanger* by Marcel Pagnol and Jean Giono, begins with the bickering residents of a small town in Provencal who at last find peace and contentment in the heavenly bread of their newly-arrived baker (played by Bruce Lackey) and his attractive young wife (played by Alyssa Chase). But the lovely Genevieve is lured away by the attentions of a handsome young gigolo (played by Steven Hemingway), and the middle-aged baker loses his zest for life and baking, throwing the community into chaos.

There are ballads of breathtaking beauty and spirited comic numbers for the townspeople. The show is directed by Paul Sardinha, and the cast includes: Sheila

Tickets are \$15 for general public, \$12 for students and seniors, and \$18 for a gala "afterglow" with refreshments. For tickets or more information, please call the box office at 866-244-0448.

With its great tenderness, charm and beauty, *The Glass Menagerie* tells the poignant tale of the Wingfields — proud, volatile, yet fragile — as they desperately await the "gentleman caller" on whom they have pinned all of life's hopes and dreams. Set to the lyrical brilliance of Tennessee Williams, this hauntingly beautiful drama has justly taken its place as one of the most beloved classics of the American stage.

Marion Selectmen's Meeting

July 9, 2002

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, July 9 at 7:00 pm by Chairman Benjamin Bryant. Also present were Selectman Andrew Jeffrey, Selectman David K. Pierce, Town Administrator Julia Enroth-Whitlock, and Secretary Helene Craver.

The board first unanimously approved the minutes of the following meetings: May 9 Special Meeting (Creek Road); May 23 Water/Sewer Commission Meeting (Plant Upgrade); June 5 Special Selectmen's Meeting (Interviews); June 13 Water/Sewer Commission Meeting (Plant Upgrade); June 17 Special Selectmen's Meeting (Creek Road); June 18 Selectmen's meeting; June 24 Selectmen/Planning Board Special Meeting (Vacancy); and the Executive Session minutes for May 28, June 4 and June 18.

The board next noted they came to a contractual agreement with Rick Guerzoni as the town's new full-time Fire Chief. "Julia and I met with (Mr.) Guerzoni to outline the (Fire Chief) contract with him," Chairman Bryant said. "There was only one issue with the wording. Town Counsel (corrected it). The salary is \$59,900 and he's been given a one-year contract, effective June 30."

Ms. Enroth-Whitlock also noted Mr. Guerzoni

resigned from the Water Department last week due to potential Conflict of Interest. With that, the board unanimously voted to appoint Mr. Guerzoni as the town's full-time Fire Chief and as Forest Warden.

At 7:05 pm the board met with Town Treasurer Debra Blanchette to sign a temporary bond note for \$4.9 million for the Sippican School Project. "This is a renewal of the one-year anticipation bond note for the grant," she said. "We received six bids, the lowest bidder was CIB at a rate of 2.50 percent. These are temporary borrowings, so we're paying interest only." The board unanimously voted to sign the bonds as submitted.

The board next began an interview process with two candidates for an opening on the ORR School Com-

mittee. The joint School Committee and Board of Selectmen first met with Alan Harris at 7:15 pm, then with Louise Nadler at 7:25 pm. Both expressed interest in the position as a means to get involved with the town and the schools. "The position was opened when (Selectman Jeffrey) was elected," Chairman Bryant noted. After asking a couple of rounds of questions to each candidate, the board announced they would be voting on filling the vacancy at their next regular meeting on Tuesday, July 23.

Emergency Medical Services (EMS) Director Jeff Habicht next met with the board to recommend the following appointments to the various EMS positions: First Deputy Director – Wm. Dale Jones; Second Deputy Director – Joan Wing; Secretary – Andrea Keene; Training Officer – Polly Church; Maintenance Officer – Everett Eaton; Infection Control – Kevin Buckley; and Paramedic Coordinator – Cornelia Dougall. The board complimented Mr. Habicht on his choice of officers and unanimously voted to appoint them as recommended.

At 7:40 pm the board opened a series of Mooring Permit Hearings with Harbormaster Charles Bradley and members of the Marine Resources Commission (MRC). Three mooring holders were contesting the potential loss of their mooring privileges due to lack of timely payment of mooring fees, which were due June 1. Among them: Beverly Howland and Melissa Dougall; George Hetzel (represented by Jeff Dickerson); and Don Lipsitt (who was not present for the hearing).

In the course of the discussion, Selectman Pierce wanted to know if the idea behind "pulling" mooring rights — which is a decidedly "emotional" issue — was to open up moorings to those on the long waiting list or simply a matter of garnering revenue for the town coffers.

"The Mooring Regulations have been refined over the past 12 years," Chairman Bryant said. "The town has taken a very strict stance on this because it is a limited resource. I don't think this has anything to do with moving people up on the mooring list. When moorings are paid late, there's time and resources expended by the MRC, the Harbormaster, and us to collect these fees. That's why the town has taken such a hard stance on this issue."

"We are probably the most lenient as far as the time period for payment," Mr. Bradley added. "A lot of towns are a straight 30 days. There are many communities that do not extend it to the 45 days with a 15-day penalty period (like Marion). These regulations have been in effect since 1984. We've made every effort humanly possible to make sure these are taken care of in an orderly fashion."

"This is not being done on a whim, I think we've done everything possible to try and do the right thing here," Selectman Jeffrey said. "If there's extenuating circumstances, I think we should look at that. But people are well-informed of the (rules)."

At 8:20 pm the board met with Stuart Richardson, Chairman of the Housing Committee regarding the Marion Housing Plan and the Local Initiative Program (LIP) application for Littleneck Village. "We've been working on a plan for housing in the Town of Marion," Mr. Richardson said. "We're working to support the elderly in town (and) our young people are looking for first-time housing opportunities. It will evolve over time. The primary goal is to get to our 10 percent of affordable

housing."

Both Mr. Richardson and the board noted that copies of the Marion Housing Plan are available in the Marion Town House for review.

In other matters, the board:

- Accepted the resignation of John R. Farnham from the Marine Resources Commission (MRC) with regret, noting he was a valuable asset to the committee. "We will not be reappointing anyone to the MRC," Chairman Bryant added, "it will remain a seven-member board at this point through attrition."

- Unanimously voted to institute a "Notice of Water Restriction" for the Town of Marion upon a recommendation from Department of Public Works (DPW)

Superintendent Rob Zora. "We are currently on Phase 3," Mr. Zora noted in a memo to the board. "We have been monitoring the water levels for the past few weeks due to the lack of precipitation and the increased summer demand. The Marion (DPW) would like to recommend that the Board of Water Commissioners impose an odd/even outdoor water restriction immediately."

As such, the board voted to issue the following **Notice of Water Restriction:** *Effective immediately, the use of outside water for lawns, gardens, and car washing, etc., is prohibited except between the hours of 6:00 p.m. and 8:00 p.m. on Monday, Wednesday, and Friday for even street-numbered homes, and Tuesday, Thursday, and Saturday for odd street-numbered homes. No outside watering is allowed on Sundays. This water restriction is needed because demand is exceeding production and is in effect until further notice.*

There being no further matters to come before the board, they unanimously voted to go into Executive Session to discuss pending litigation and collective bargaining strategy. They would thereafter adjourn for the evening. Due to the alternating summer schedule, their next regular meeting will be held on Tuesday, July 23 at 7:00 pm.

minutes of the May 13 meeting but agreed to hold the July 1 minutes for future approval.

At 7:00 pm the board met with Library Director Lucy Loomis, members of the Board of Library Trustees, and the Finance Committee (FinCom) to discuss a proposed library expansion project. "We're coming before you to request putting the library expansion on the Town Meeting warrant in the fall," Ms. Loomis said. In the aftermath of some private fund-raising and pending grant applications, according to Ms. Loomis, there's still an estimated \$2.5 million shortfall for the proposed project.

"We've applied (for grants), which could bring in another \$100,000," she said. "We're hoping to get the feedback of the Selectmen and FinCom and go from there. It's a project that we've known has been coming for a long time. If the state releases the (grant) money and we're not ready, then we're going to be scrambling at the last minute. Once the state releases the funds, we have only six months to (proceed)."

"It's a lot of money, but the voters will decide at Town Meeting," Selectman Nunes said. "I think it should be voted on by the residents."

"I have no problem putting it on a (Town Meeting) warrant and an override election," Chairman Ryan agreed.

But FinCom Chairman Michael Costa had some concerns over such an expense given the town's current and prospective financial outlook. "With all the other

priorities expected to come down the road, the FinCom is fairly lukewarm, at best, on a project of this scope," he said. "Putting \$2.5 million on an override will probably add 40 to 50 cents to the tax base. Realistically, I'm not sure the FinCom at a Special Town Meeting would recommend the project. I think the FinCom would like to see a scaled-back version of the plan, versus this very large and very expensive plan. Frankly, I'm not hopeful this would pass. I would certainly support putting it on an article and letting the townspeople decide ... (but) who knows what's going to happen in the next couple of years?"

"Do I think it's a worthwhile project? Yes," Chairman Ryan said. "I think what you're seeing is that nobody is saying 'no,' but it's a very expensive project."

Under the Town Administrator's report, Mr. Huntoon noted that Jill Bodeau of the Council on Aging (COA) advised it would be another month or two before they occupy the new Senior Center. "They're looking for an early August occupancy, most likely," Mr. Huntoon said.

At 7:30 pm the board opened a scheduled hearing with Town Planner Randall Kunz and various residents living along County Road and High Street in the "West Wareham" section of town to discuss a proposed gravel processing facility on High Street by Sippican Realty Trust. Many residents were present at the hearing to voice their opposition to the project and the potential for increased truck traffic near their homes.

"The thing you need to know is there is absolutely nothing the Board of Selectmen can do, this is a Planning Board decision," Chairman Ryan began. "We're more than happy to listen to you. It would behoove you to get an attorney and an appraiser and prepare material for your arguments, so that you have your information because I understand one of the things you can look at is if (the project) is going to be detrimental to property values."

David Wluka was present on behalf of Sippican Realty Trust and read a letter from developer Gerard Lorusso into the record. The proposed project began when Mr. Wluka came before the Board of Selectmen in October 2001. "At that time we envisioned the development of a materials processing facility on a 20-acre parcel within the 60-acre industrially-zoned portion of the (600-acre) property," Mr. Lorusso wrote. "A commercial nursery and the potential for a golf course was to be explored for the balance of the property, zoned agricultural residential ... with no Town Meeting action required for any of these uses."

Mr. Lorusso's letter further explained that the wetlands on the property precluded the likelihood of a golf course, but the plans for the commercial nursery and materials processing facility were to move forward. These proposed plans were discussed via meetings with the Planning Board and Zoning Board of Appeals over a nine-month period.

However, residents such as Gary Florindo immediately balked at the plan when they learned of it in May, expressing their concern over increased truck traffic and complaining they weren't duly notified of meetings and hearings on the project because they were advertised in *The Wanderer*, which is not delivered to West Wareham postal routes.

"We never knew the impact that this (project) is going to do to County Road," Mr. Florindo said. "We were not notified of what this project is going to do. You're telling us we should have known. We've been going up and down County Road telling people ... that's why they're all here. Now they're here to stand up for their rights, and this Town Hall doesn't give a damn about us. None of (the people) who work in Town Hall live on County Road. I don't think it's honorable for you to be doing what you're doing."

In Mr. Lorusso's letter, the matter of truck traffic was addressed: "Truck traffic on County Road, which we know has precipitated this meeting, will not increase as has been suggested. The inference that we are adding new vehicle trips from a new use is misleading and untrue. There is no new trucking volume coming from the site. In fact, there will be fewer peak volume trips than before."

Town Planner Randall Kunz also noted: "This project would propose 250 trips per day — 125 trucks out, 125 trucks back — five days a week, no Saturdays, no Sundays, no holidays."

Still, residents felt this was excessive in an area that is mostly residential.

"I am directly impacted now by SEMASS (and) the Environmental Park," said resident Louise Hebert. "We have a parade of trucks continually for hours. We're the forgotten end of Rochester and we feel Rochester does not care about us at all."

"I want all of that end of Rochester to understand something," Chairman Ryan said. "A number of years ago we built a new post office (and) we tried to get your section of town back in Rochester (but) Wareham would not give it up. It would behoove the residents in that section of Rochester ... to petition the Postmaster General to get them back in Rochester. I don't know who does and doesn't get *The Wanderer*. I don't know how the boards can get information to the residents (in that area of town)."

But it wasn't just Rochester residents who were irate over the project. Wareham Selectman Cynthia Chamberlain also attended the meeting to voice her concern. "I'm deeply concerned that the project came before the ZBA and Planning Board in January, and Wareham was not notified," Ms. Chamberlain said. "I would hope that if a project came to our town, due consideration would be given to Rochester, Middleboro and other neighboring towns. I came tonight because I thought we were going to hear about traffic studies and mitigation problems. I certainly have a concern about

County Road (and) I'm certainly concerned that due to the nature of the project ... West Wareham residents should have been notified as abutters."

Resident Georgia Chamberlain asked what the benefits of this proposed project were to the Town of Rochester, given all the negative response from residents.

"As far as what it's going to bring to the town, it's going to bring non-residential development," said Gary Laboa, Chairman of the Industrial Development Commission (IDC). "I think the quality of life in Rochester is an important issue (but) the town desperately needs non-residential development in order to stabilize a lopsided tax base."

After listening silently to the bulk of the debate, Selectman Richard Nunes finally weighed in with his opinion. "I don't think this type of project is what the Master Plan of Rochester envisions," Selectman Nunes said. "I am concerned about this truck issue. I believe (125) trucks will definitely have an effect on your property values. My own belief is that 250 (trips) a day is just unreasonable. I think it constitutes a nuisance to Rochester residents and Wareham residents. Do I think the project is worthwhile for the Town of Rochester? No, I don't. I don't think the benefit is worth the problems I'm going to hear on a daily basis about trucks (and) ... I don't think Rochester needs another rock-crushing plant or anything like that."

"Mr. Nunes, I commend you for your speech," Gary Florindo said. "I think you're one of the few people in Town Hall that is standing on your own two feet. I think the rest of Town Hall should take notice of this. When all is said and done, I think the same group of people are coming back to make changes. That's the way democracy should work. Stop saying what's good for the Town of Rochester — take a ride out there and see how close those houses are (to the site)."

Resident Claudia Butler noted that many residents have signed a petition to call a Special Town Meeting to have a portion of the property rezoned from industrial use. She said they've nearly garnered the necessary 200 signatures to move forward. "I think everyone who lives in this area has a problem with this project," Ms. Butler said. "Rochester 40 years ago is very

different from Rochester of 2002. At the time this property was zoned industrial ... the potential for industrial development (was) tremendous. People live in Rochester for animals and nature and peace. This is our life, this is our heaven, this is where we live. Industrial development in this little 60-acre parcel is detrimental, is offensive, and would reduce property values."

After over an hour of discussion and debate, Chairman Ryan agreed to attend the Planning Board meeting scheduled for Tuesday, July 9 and make residents' opinions known. "We can go to the Planning Board and voice our concerns (but) we cannot control what the Planning Board decides," she said.

MYAA Girls Softball

Recently, the Mattapoissett Youth Activities Association (MYAA) Girls Senior League Softball season ended. Only two teams made up the league — the Blue Team and Red Team. Kate Souza coached the Blue Team with Pat Davis, Mike Florio, and Dave Garro assisting Coach Souza.

The Blue Team did especially well during the season. The girls only lost three games. On the Blue Team, Kerrin Souza caught, was the clean-up hitter, and was named most valuable player for the season. Katie Lorenzo played tremendous defense at shortstop, and got

Hinman could also play any other position including pitcher, and got the Sportsman-ship Award.

Gracie Mullen was also in the infield. Mullen played tough defense at third base. Terrific outfielders for the Blue Team were **Andrea Parker**, **Alissa Allen**, **Erica Allen**, **Rebecca Davis**, and **Katelyn Florio**. Very accurate pitchers were **Kim Olivier** and **Jen Garro**. Olivier and Garro also played outfield. **Alicia Sullivan** played outfield, too, and got the Most Improved Player Award from Coach Souza. All of the girls did well and improved throughout the season.

The MYAA Senior League Red Team's season ended too. The Red Team was coached by **Mike McCarthy**, **Mike Ward**, and **Frank Evangelo**. The Red Team's softball season was not quite as successful as the Blue Team's, because the Red Team got off to a rough start. In the end, the Red Team player much stronger.

Oldham hit at least two grand slams during the season. **Kristen Ward** played third base and occasionally pitched. **Lauren Boivin, Samantha Ward and Kimmy Lynch** played third base and outfield. Boivin and Lynch pitched, too. Outstanding outfielders were **Caroline Butterfield, Sara Grace, and Jen Lennon. Lauren Costello** also played excellently in the outfield. All players on the Red Team were hard-working and many times successful during the Softball Season of 2002.

At this time, there are only openings in the boys and girls junior high sessions (Grades 7 and 8, this past school year). The sessions for boys and girls in Grade 4, 5 and 6 have been filled to capacity.

The camp will focus on the development of shooting, passing, dribbling, ball handling, rebounding, post play, and defense. The camp counselors who assist Coach Regan will be former and current players from ORR High School as well as coaches from the local area.

The cost of the camp is \$90 per session. Registration forms were distributed in the local schools in April, but if needed can be obtained from Coach Regan. For questions or more information, please call **Rick Regan** at 508-998-3906 or e-mail him at rregan@orr.mec.edu. Hope to see you there!

Letters to the Editor

To the Editor:

How much more of a wakeup call does Mattapoisett need now that Eel Pond has been rated among the top ten most unhealthiest sites on Buzzards Bay? To be rated worse than the Acushnet River is something that only a few years ago would never have been imagined! For all these nice, green, chemically treated lawns ... everyone is paying the price. And we somehow keep digging ourselves in deeper by allowing more construction, considering a 16-hole golf course, more condos ... will it stop or will we be soon faced with the posting of skull-and-crossbone signs along our waterfront? Is it really worth it? We've seen how successful the Eel Pond development has been. Is it worth it? No! Shellfish beds ... perhaps soon to be a thing of the past? The proposers of new development want us to believe that the design of their detention ponds, self-contained systems, nitrogen containment and monitoring systems will not add to the problem. Looks great on paper ... but ...

Sincerely,
Tim Smith
Mattapoisett

To the Editor:

Congratulations to all the winners of the Mattapoisett Road Race! Considering the blistering heat and humidity, all who finished were winners. Congratulations to Dan White and his committee who put on such a splendid event. Congratulations to the townspeople of Mattapoisett who truly made this race something to remember. Comments I heard from runners from places like New York, Connecticut, New Jersey, Ohio, and Michigan, included thoughts such as "This town does a wonderful job of making me feel welcome," "If people in other towns supported runners like this town, I'd enter more races," "This race had more water, hoses spraying, music playing than I've ever seen — it was like a party for the residents," "What a beautiful village!" and "These people know how to put on a race!" Comments like these were many following (the) race. Congratulations to the Town of Mattapoisett, for a town is nothing more than the terrific people that inhabit it. Thanks for a wonderful (Fourth of July). I know I needed something like this this year.

Sincerely,
Stephen Heath

To the Editor:

On behalf of the Marion VFW Fourth of July Committee, I would like to thank everyone who participated in our parade. The enthusiastic support of the community and parade participants made the celebration of our nation's birth and 150th anniversary as a town a great success. A special thank you to three Marion natives who acted as judges for the various parade categories. It was especially noteworthy that Claude Ellis served as a Selectman during that era, Betsy Parks was selected Queen for the centennial celebration of our lovely town 50 years ago, and Betsy Dunn was a blooming young teenager.

I would also like to remind those participants who were awarded a trophy in their category that they may pick them up at the VFW Pavilion on Monday evening, July 15 at 7:00 pm or call me at 508-748-2799 for other arrangements.

Sincerely,

J. F. Napoli, Chairman

Marion Fourth of July Parade Committee

CLOSING DATE AND INTEREST PAYMENT

One old wife's tale has it that if you schedule a closing date for late in the month, you'll pay less interest. Not so. You pay interest starting with the settlement day and ending with the day the mortgage is paid off. In spite of a general impression to the contrary, the settlement of your home purchase can take place at any time of the month without having any effect whatsoever on the overall amount of interest you pay.

What appears to be a "saving" is the amount of cash you pay at settlement for items that must be prepaid.

An end-of-the-month closing requires less cash because the prepaid items include mortgage interest (which is due for however many days of the month remain between closing and the first of the next month). Therefore, at a January 31st settlement, you'd pay only one day's interest. At a January 15th closing, you'd pay 16 days interest. In the long run, you pay the same amount of interest no matter when you close.

WILD BABY BIRDS

I found a baby bird on the ground. What should I feed it?

Baby birds are frequently found near their nests. If the bird has no feathers, try to find the nest and put the bird back. If the bird is mobile and feathered, keep dogs and cats away from the area and the mother bird will probably feed and care for it.

I thought that if I touched the bird the mother bird would smell my scent and would reject the baby. That's an old wives' tale as birds have poor senses of smell. Allowing the mother to raise the young increases their chances of survival.

If you are interested, please call the museum at 508-758-2844.

Bug Safari is an exciting way for kids to catch the buzz about God's love. They'll be studying David in the Bible and learning some of the psalms he wrote. Plus, kids will join nearly a million children in North America and take part in a hands-on mission project that will reach needy children in Eastern Europe. Each day will conclude with a festive Firefly Finale that gets everyone involved in celebrating what they've learned. Family members and friends are encouraged to join in daily for this special time at 11:15. Hopefully, Bug Safari will help the community catch the buzz about God's love.

Bug Safari begins on Monday, July 15 and continues through Friday, July 19. "Explorers" will meet at the First Congregational Church of Rochester in Rochester Center each day from 9:00 am until 11:30 am. Pre-registration is strongly recommended and may be completed by calling the church office at 508-763-4314. Pre-registration is required for 3- and 4-year-olds, as limited space is available.

The Rochester Country Fair will be held August 21 through August 25 with the Woodsman Show at 6:00 pm on Friday evening, August 23. This year, the Rochester Country Fair Committee is proud to introduce the Woodsman Show's Mascot, drawn by none other than ORR graduate Peter Paquette.

Here's the story behind the new mascot: He goes by the name of "Buck the Chuck," or simply put, "Buck Chuck." His chainsaw is just a front, for he lets his teeth do the work. He was born in the Blue Hills of Massachusetts. He is one of eight. He has three sisters and two

brothers. His father passed away when Buck was young. Since Buck was clearly the strongest of his siblings, he was in charge of all the woodworking from then on. Clearly, Buck is interested in meeting all the woodsmen at this year's show and to judge who is the quickest, strongest, and the best woodsman ... other than him.

Interested woodsmen may contact Chris Faustino, Julie Koczera, or Beverly Pierce for contestant applications. Additional information may be obtained by visiting the website at www.rochesterma.com, or by contacting any of the following committee members: Slim Bernier (508-763-2414); Chris Faustino (508-763-8193); John Lafleur (508-763-8910); Beverly Pierce (508-763-5503); Art Westgate (508-763-2486); Duffy Clapp (508-763-6491); Julie Koczera (508-763-9610); Diane Nunes (508-763-4991); or Jeanne Sylvester (508-763-3667). See you in August!

The Marion Historic District Study Committee, a body appointed by the Marion Board of Selectmen, has recently completed a draft proposal and by-law to create two historic districts within Marion. These districts are: the West and North Drive area, comprising the area once occupied by the 18th century Bullivant Farm; and Wharf Village, which is comprised of the village center and Water Street.

There will be a public hearing on both of these proposed districts in the first week of September. Marion voters are encouraged to consult copies of the proposed by-law which are available for reference and circulating copies at the Elizabeth Taber Library and at the Sippican

MOVIE REVIEW

Back in Black

By Rob Gonsalves
<http://robsreviews.cjb.net>

Men in Black II. Starring Tommy Lee Jones and Will Smith. Directed by Barry Sonnenfeld. Running time: 88 minutes. MPAA rating: PG-13. At AMC Cinema 12 at the North Dartmouth Mall and Flagship Cinemas in New Bedford.

In *Men in Black II* — directed, like the first one, by the once-promising Barry Sonnenfeld — the hard-bitten Agent K (Tommy Lee Jones) and the eager rookie Agent J (Will Smith) have switched places. K, having been “neuralyzed” at the end of the first film to erase his memories of the MIB program, is brought back into the fray by J, who now has five years of experience under his belt. Jones’ bafflement — he’s been working in a Cape Cod post office — plays nicely against Smith’s quiet eye-rolls of exasperation. When K gets de-neuralyzed, though, the dynamic goes back to that of the 1997 original. So does everything else.

Apart from one unaccountably daffy scene involving a village of tiny aliens who have been living in K’s abandoned locker and worshipping his wristwatch, *MIB* (as the ads have it) is about the most uninspired rehash of a popular hit I’ve ever seen. On the principle that the only thing the original lacked was a babelicious villain, Sonnenfeld and writers Robert Gordon and Barry Fanaro order up a vicious alien, Serleena, who wants to find some bracelet and conquer the world; and in the person of Lara Flynn Boyle, she looks so gaunt that when the movie stoops to a barfing joke (Serleena devours a male attacker, then notices her sudden tummy bulge and vomits him back up) it comes off like an anorexia joke in the worst taste.

It’s undeniably fun to see Tommy Lee Jones as an amiable, harmless postal worker named Kevin Brown pre-deneuralyization. As usual, he sneaks dry volumes of wit into his crisp monotone. He’s doing this in the same what-the-hell, pass-the-paycheck mood in which he did *Batman Forever*. Will Smith, on the other hand, seems to be coming down with Eddie Murphy disease. He may feel he’s beyond the honking little aliens now, and maybe he is — in the five years since *MIB*, he’s been nominated for an Oscar. But oddly, this one-time comedian doesn’t give himself to the goofiness the way Jones — who spent most of his career being as serious as cancer — can. If I’m not mistaken, there’s a touch of sullenness in Smith’s work here: “Y’all didn’t come out for *Ali* — you only like me in crap like this.”

The sullenness could extend to Smith’s director. Has Barry Sonnenfeld lost his mind? Certainly he no longer has any grasp of humor or even rudimentary entertainment. There’s one decent moment of simple slapstick when Smith fumbles his way down a pile of inflatable tubes — the comically static staging recalls his bit in the original with the table scraping loudly across the floor. But for the most part Sonnenfeld just points his camera at non-existent CGI beasts to be added later. Bringing back Tony Shalhoub as a shady alien dealer doesn’t help; neither does recruiting Johnny Knoxville as a never-funny two-headed alien in cahoots with Serleena. More than once, the neuralyzed K is said to be “in neutral”; so is Sonnenfeld. Why is he doing these movies? *Wild Wild West*, *Big Trouble*, now this — he doesn’t bring anything to them except exhaustion and desperation.

And perhaps greed. Everyone involved in *MIB* knows it’s a surefire July 4 hit; it will own its weekend and make everyone bankable again. It may seem naïve to point that out; but this sequel, more than any other in recent memory (you’d probably have to go back to *Beverly Hills Cop III* for an equally soulless, cynical and laughless “comedy” sequel), seems only in it for the money. (Hell, even the embarrassing *Attack of the Clones* at least emerged from George Lucas’ highly specific vision, inane as that vision often is.) We get the same gross-outs, the same bellowing monsters, the same chattering little worms, the same heads exploding in sticky guck. *MIB* seems to want to neuralyze the audience: it wants the original movie’s fans to remember that film enough to remember that they liked it and want more, but it wants them to forget it enough so that they don’t realize they’re not getting more. They’re not even getting the-same-only-different; they’re getting the-same-only-more-same.

A Little Night Music

By Kenneth J. Souza
news@wanderer.com

Although my musical taste runs the gamut from the likes of Neil Diamond and Barry Manilow to the raucous sounds of AC/DC and Kiss, there are times when I just crave a dose of soothing, non-confrontational and less distracting classical music. There's nothing finer than a good Beethoven sonata or Mozart symphony to serve as the soundtrack to your own thought decomposition after a particularly trying day ... or to help set the pace for your daily routine.

And what better time and place for a "little night music" than the summertime just off the waters of Buzzards Bay in the picturesque setting of Marion Harbor?

That's what the **Sixth Annual Buzzards Bay Musicfest** promises again this weekend, as it sails back into Sippican Harbor from July 10 through July 14. The Buzzards Bay Musicfest brings orchestral and chamber music performances to the acoustically-superb **Fireman Performing Arts Center at Tabor Academy in Marion**, and what's best is admission is FREE and the performances are open to all. It's not everyday you get to enjoy top-notch talent performing masterpieces of music at no cost ... so this is a guaranteed bargain for this weekend.

Nationally-prominent musicians will perform under the direction of **Maestro Russell Patterson**, formerly of the Kansas City Orchestra and Lyric Opera. An orchestral performance will be held on Sunday, July 14 at 2:00 pm. Chamber music performances will be held on Thursday, July 11 at 8:00 pm and Saturday, July 13 at 8:00 pm.

The Chamber Music program for Thursday, July 11 at 8:00 pm will feature Gounod's *Petite Symphony for Winds* and Brahms' *Piano Quintet in F Minor*.

Maestro Russell Patterson

On Saturday, July 13 at 8:00 pm, another Chamber Music performance will highlight Quantz's *Trio for Oboe, Flute and Violin*, Schubert's *Trout Quintet*, and Strauss' *Serenade for 13 Instruments*.

The music-filled weekend will conclude in style on Sunday, July 14 with a matinee Orchestra Concert at 2:00 pm featuring Mozart's *Divertimento No. 2 in D, K. 131*, Handel-Harty's *Suite from the Water Music*, Borodin's *Nocturne*, and Bizet's *Symphony in C Major*.

The Sixth Annual Buzzards Bay Musicfest is hosted by volunteers of the Marion Art Center. For more information, please call 508-748-1266.

SALOME'S STARS

ARIES (March 21 to April 19) You clever Ewes and Rams love nothing more than to rise to a challenge. So, by all means, if you feel sure about your facts, step right up and defend your side of the issue.

TAURUS (April 20 to May 20) You've done some great work recently. Now it's time to reward yourself with something wonderful, perhaps a day at a spa or a night out with someone very special.

GEMINI (May 21 to June 20) You love to talk, but don't forget to make time to do a little more listening, otherwise you could miss out on an important message someone might be trying to send you.

CANCER (June 21 to July 22) Your aspect indicates some uncertainty about one of your goals. Use this period of shifting attitudes to reassess what you really want and what you're ready to do to get it.

LEO (July 23 to August 22) Your social life is picking up, and you'll soon be mingling with old friends and making new ones. But 'twixt the fun times, stay on top of changing workplace conditions.

VIRGO (August 23 September 22) A trusted friend offers understanding as you vent some long-pent-up feelings. Now, move on from there and start making the changes you've put off all this time.

LIBRA (September 23 to October 22) You might well feel uneasy as you face a difficult situation involving someone close to you. But you know you're doing the right thing, so stick with your decision.

SCORPIO (October 23 to November 21) You're a good friend to others. Now's the time to allow them to be good friends to you. Rely on their trusted advice to help you get through an uncertain period.

SAGITTARIUS (November 22 to December 21) Family and friends are always important, but especially so at this time. Despite your hectic workplace schedule, make a real effort to include them in your life.

CAPRICORN (December 22 to January 19) That project you've been working on is almost ready for presentation. But you still need some information from a colleague before you can consider it done.

AQUARIUS (January 20 to February 18) Don't let those negative attitudes that have sprung up around you drain your energies. Shrug them off, and move ahead with the confidence that you can get the job done.

PISCES (February 19 to March 20) Aspects favor some dedicated fun time for the hardworking Piscean. A nice refreshing plunge into the social swim can recharge your physical and emotional batteries.

BORN THIS WEEK: You love to travel and be with people. You probably would be happy as a social director on a cruise ship.
